**Pulse MIG  
DEALS  
ON NOW**

## GYS Neopulse 400amp Pulse MIG CW

WM-062061

The NEOPULSE 400 CW is a three-phase, pulsed, MIG/MAG generator developed for heavy industry. The NEOPULSE 400 CW is mobile and equipped with a cooling unit and a powerful reeling system, making it ideal for handling demanding pulsed applications. Both intuitive and highly practical, its digital interface makes adjusting the welding settings very easy.

**SAVE  
\$500**

RRP \$10,950 (GST Excl.)

**\$10,450.00** (GST Excl.)

PRICE AVAILABLE UNTIL 31 OCTOBER 2025

## GYS Galaxy 250amp Pulse MIG C

WM-084858

The GALAXY 250M C is a single-phase, multi-process inverter welding machine. Its pulsed MIG/MAG mode offers very precise control of the welding energy, thus reducing distortion of the parts being welded. Pulsed synergies increase welding speeds and reduce spatter while improving the aesthetics of the weld bead. Excellent for welding thin aluminum and stainless steel, the GALAXY 250M C is the modern workshop solution for smooth, rework-free welds.

**SAVE  
\$500**

RRP \$5,950.00 (GST Excl.)

**NOW**

**\$5,450.00** (GST Excl.)

PRICE AVAILABLE UNTIL 30 JUNE 2026

## GYS Neopulse 320amp Pulse MIG C

WM-062474

The NEOPULSE 320 C is a digital 3 phase MIG/MAG pulse welding machine. It features numerous synergic curves and exceptional arc quality/performance. User friendly and highly practical, the digital interface is designed for quick and easy adjustments of the welding parameters. Equipped with a precise 4-Roll drive system, this power source provides unparalleled productivity and welding quality on all types of materials.

**SAVE  
\$500**

RRP \$8,500.00 (GST Excl.)

**NOW**

**\$8,000.00** (GST Excl.)

PRICE AVAILABLE UNTIL 30 JUNE 2026

# GYS Neopulse

**400amp  
Aircooled**

WM-NEOPULSE400AP

PACKAGE

The NEOPULSE 400 G delivers next-level pulsed MIG/MAG performance, combining cutting-edge digital technology with over 100 synergic programs for unmatched arc control and weld quality. Designed for professionals, it offers effortless setup through an intuitive interface and outstanding results across all

alloys. Pair it with the NEOFEED-4W for maximum productivity and premium welding performance.

RRP \$13,750.00 (GST Excl.)

**NOW**

**\$12,750.00** (GST Excl.)

# GYS Neopulse

**500amp  
W/C**

WM-NEOPULSE500WP

PACKAGE

The NEOPULSE 500 G is a digital pulsed MIG/MAG welding power source with a separate wire feeder. Designed for the highest performance level using the latest technology, it features 100+ synergic curves and exceptional arc quality. Its intuitive digital interface allows you to change welding parameters with ease.

Equipped with the optional NEOFEED-4W reel, it delivers unmatched productivity and weld quality across all types of alloys.

RRP \$16,550 (GST Excl.)

# NVPM 200 Pulse Mig

WM-NVPM200LCD

**MIG/PULSE MIG +  
MMA /LIFT TIG**

**FEATURES AND ADVANTAGES**

Portable IGBT digital inverter multi-process welders.

Comes with MIG/PULSE MIG/MMA /LIFT TIG, 4 in 1 machine.

An all-new interface called HDVision is applied with new welding experience.

Double pulse and single pulse MIG for good aluminum welding and low spatter steel welding performance.

With hundreds of welding program suitable for different types of wires, gas combination and material.

# PREMIUM AC/DC TIGS

UNBEATABLE  
VALUE

**HG HUGONG**

## Hugong MTA 201 amps AC/DC Tig

WM-NTA201

The MTA 201 AC/DC is a portable IGBT digital inverter multiprocess welder 4 in 1 machine. Digital waveform technology allows multiple welding processes with optimized performance.

Utilizing a 32-bit Cortex M4 chip that can perform 500,000 operations per second for precise welding control.

### PORTABLE 4 IN 1 MACHINE

- ▶ Synergic Mig Welding
- ▶ IGBT Digital Inverter
- ▶ AC TIG/DC TIG/MIG/MMA
- ▶ PFC Technology
- ▶ 7 inch LCD screen
- ▶ Arc force, hot start, anti-sticking function
- ▶ Full Tig function welding 2T/4T

INVEST IN THE FUTURE

## GYS TITANIUM 230 AC/DC FV

WM-061996

The TITANIUM 230 AC/DC FV is a single-phase AC/DC TIG welding Power Source. Intelligent and connected, it offers extremely precise arc control and industrial welding performance up to 230 A (16 A fuse) thanks to integrated power factor correction. It combines excellent ergonomic design and user experience, with advanced welding functionality.

RRP \$6,950.00 (GST Excl.)

## DUROARC 5183 Mig 1.2mm 7kg spools

AW-DUR51831207

Duralloy 5183 is an Al Mg Mn alloyed welding wire with high tensile and corrosion strength.

It is used for welding wrought aluminium alloys is also used for other special welding processes of Aluminium/Manganese, Aluminium/Magnesium, Aluminium/Magnesium/Silicon & Aluminium/Zinc alloys with a working temperature below 65,5C.

**1.2 MM**

RRP \$137.43 (GST Excl.)

**NOW \$117.43** (GST Excl.)

## NEW PRODUCT

# GYS Tig Titanium 321AC/DC PACKAGE

WM-TIT321ACDCP

The TITANIUM 400 AC/DC is a high-performance TIG AC/DC generator (400 A to 60%) designed to offer a wide choice of welding processes (TIG AC, DC, MMA). It can be used to weld all types of materials; mild steel, stainless steel, aluminium, copper, titanium. Also ideal for welding thin gauge, its Pulse mode reduces heat input and provides better arc control. Intuitive and highly functional, its digital interface allows you to change welding parameters with ease.

## NEW PRODUCT

# ECut 50k Plus Plasma Cutter

WM-EC50PLUS

**FAST, CLEAN, RELIABLE CUTTING POWER**

The ECut 50k Plus Delivers high-efficiency metal cutting using advanced plasma technology.

By ionising compressed air to create a high-density plasma arc, these machines generate intense, focused heat that melts metal instantly, while a high-speed gas flow clears the cut—producing a narrow, clean kerf with minimal distortion.

Engineered for performance and ease of use, the ECUT combines advanced IGBT inverter technology with stable output, energy efficiency, and reliable operation.

Capable of cutting a wide range of materials including mild steel, stainless steel, aluminium, copper, titanium, nickel alloys, and cast iron, the ECUT is a versatile solution for industries such as fabrication, engineering, shipbuilding, automotive, and general manufacturing.

- ▶ Inbuilt Air Compressor
- ▶ Cutting Thickness 12 Clean Cut / 20 Server Cut
- ▶ Single Phase

PRICE AVAILABLE UNTIL 30 JUNE 2026

## Hugong E TIG 160 III

WM-ET160

The Hugong ETIG 160 III is a basic DC Tig / Stick welder. This machine features high frequency start tig and step-less amperage control. It is a great, no frills, machine which will fulfil the needs of any light steel / stainless steel fabrication.

**COMES WITH:**  
8m Pro17 Flex Torch  
& 8m Arc Hand Piece

SAVE \$46

RRP \$745.00 (GST Excl.)

**NOW \$699.00** (GST Excl.)

PRICE AVAILABLE UNTIL 30 JUNE 2026

## Hugong Extremig 160

WM-EM160

The Hugong Extremig 160 III is an entry level 160amp Mig/Stick welder, ideally suited to the home workshop. It caters for both gas and gasless welding. It contains quality inverter technology and features step-less amp/volt control.

This little welder packs a real punch for its size and is capable of welding 0.5 - 8mm thick steel.

- ▶ IGBT Inverter
- ▶ Step-less Amp / Volt Adjustment
- ▶ Thermal Overload Protected
- ▶ Mig / Stick Function
- ▶ Fan Cooled
- ▶ Single Phase
- ▶ Generator Safe
- ▶ Gas / Gasless Capable

SAVE \$200

RRP \$690.00 (GST Excl.)

**NOW \$490.00** (GST Excl.)

PRICE AVAILABLE UNTIL 30 JUNE 2026

## Hugong Extremig 180W fixed Torch

WM-EM180WFT

The Hugong EXTREMIG 180W is an entry 180amp Mig/Stick/Tig welder. It contains quality inverter technology and features step-less amp/volt control which delivers very smooth current. It caters for both gas and gasless. Ideal for Welding mild steel, stainless steel and aluminium.

SAVE \$100

RRP \$795.00 (GST Excl.)

**NOW \$695.00** (GST Excl.)

PRICE AVAILABLE UNTIL 30 JUNE 2026

## Hugong POWER STICK 200W III

WM-PS200

The Hugong POWER STICK 200W III is an industrial level 200amp Arc welder. It features very solid construction but remains very portable at only 6.7Kg.

This is the ideal choice for a welder working in demanding circumstances.

SAVE  
\$46

RRP \$745.00 (GST Excl.)

**NOW \$699.00** (GST Excl.)

PRICE AVAILABLE UNTIL 30 JUNE 2026

## Airforce FS-1000 (Clear PAPR Complete Set)

WA-AFFS-1000

The headgear is comfortable to wear. Based on the ergonomic design, the headband can be adjusted by different sizes. It will make the wearer feel more comfortable;

- ▶ Better shape, new headband design, close to the shape of the wearer's head, so that the wearer can move freely;
- ▶ When use with face shield, it's convenient, which is made of PC material, with excellent impact protection performance and wide protection area;
- ▶ Excellent airflow distribution and lower noise;
- ▶ It is suitable for welding, slag treatment, metal cutting and other grinding to protect eyes from splashing of chemical liquid, pesticide, paint and so on;
- ▶ The PAPR is applicable with welding helmet, hood, or face shield

### WIDE VIEW, BREATHABLE AND DUSTPROOF

Special fabric development, innovative protective design, breathable anti-static, comfortable and convenient to wear

- ▶ Cooperate with breathing apparatus, provide comprehensive dust-proof protection, bring you smoke-free meticulous care

## GYS Multiweld 320C Compact

WM-063037

The MULTIWELD 320T- C can weld  $\varnothing 1.2$  mm wire effortlessly. Its reinforced structure, with two handles for lifting and carrying, is perfectly suited for workshops and quick on-site repairs.

SAVE  
\$150

RRP \$2,500.00 (GST Excl.)

**NOW \$2350.00** (GST Excl.)

PRICE AVAILABLE UNTIL 30 JUNE 2026

# PACKAGE DEAL

## Hugong Extreme 140

WM-E140PACK

The Hugong EXTREME 140 III is a robust, ultra-portable, inverter Arc welder. Weighing only 4Kg it is an ideal site machine. This is a true 140Amp with a high duty cycle and will run 1.6mm - 4mm electrodes.

### Included in the pack:

- ▶ Extreme 140, Gloves, 2.5mm
- ▶ Handy Electrode Pack, 3.2mm
- ▶ Handy Electrode Pack, Chipping
- ▶ Hammer and Wire Brush.
